

**There are lots of ways
to show support for
NHS/key workers and
the amazing work
they do ❤️❤️❤️**

**Pay
them
fairly** 

Nurses and other key workers are paid terribly, for long, hard, dangerous work.

**Make those in power understand how much we value their contribution.
Demand fair pay.**

**Keep
them
safe.** 

**People on the
frontlines need to
work safely.**

**Tell the government
to provide enough
proper PPE for
clinical settings.**

**Listen
to
them** 

**Whatever Government
and media is saying, the
message from those on
the frontlines is the same:**

**The virus is not over. The
danger has not passed.
Hundreds of people are
still dying every day.
Stay at home.**

Show

them

we

care 

**Gestures are nice,
but actions are better.**

**Write to your MP and
the media.**

**Put pressure on the
Government to act.**

Use your voice to help.
