

The Iona Community and Student Christian Movement

Memorandum of Understanding

Why a partnership?

1. Our shared values, rooted in the Christian gospel, around inclusion, justice and spirituality mean we are already in close alignment.
2. We share a concern for young adults exploring faith and spiritual belonging and are especially conscious of the liminal space inhabited by those who are moving between graduation and life beyond.
3. We each want to champion the work of the other.
4. There are opportunities to do additional work and be more effective in our shared and individual aims as a result if we work together.

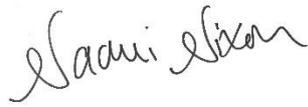

What might partnership mean in practice?

5. Linking up SCM campaigns with Iona Community [Common Concern Networks](#) (CCNs).
6. Working together on SCM's proposed Mentoring scheme, including promoting volunteering with the Iona Community.
