Common Life Accountability	<p>Working for the Iona Community as part of the Resident Team is more than a job – it is a way of life. We live and work together as a community, committed to sharing a common life. This means that staff share in tending a home with one another, while also sharing daily tasks, worship and recreation with the guests who join us in community, and with each other. Living like this can be very rewarding. It can also be a very vulnerable and challenging experience, balancing our allocated job along with the shared “common life”. This life together is a commitment, or a covenant that is agreed, rather than a contract that is signed.</p> <p>It is this mixture of our daily work, with a commitment to the common life and the building, receiving and celebrating of community that makes working at our island centres far more than a job, but a way of life.</p>
